An Innovative Perspective In Healthcare

BUILDING A NEW FACILITY?

...or looking to add to your existing facility but don't have the time to wait for traditional construction?

Consider a modular solution...

PULSE Worldwide can provide you with several options. Here is an example of a Dialysis Clinic placed in the Northeast that was built in the factory in only 90 days...shipped on site and the whole turn-key operations was up and running just 3 weeks later.

PULSE WORLDWIDE LTD.

7554 Central Parke Boulevard
